Before you start your journey, a few words about a topic that is very dear to us:

OUR COMMITMENT

In Southern Africa, not everyone is as fortunate as we are. Therefore, Terra Nova Tours supports several sustainable projects. The pouch containing your travel documents (if booked) was made by women from rural areas in eSwatini (Swaziland). Many of these women have been diagnosed with HIV and they create a living for themselves by making these bags. With a lot of love and detail, these pouches are sewn from beautiful fabric. The **Amarasti Project** supports these women by enabling them to earn an income, and therefore their children can attend school. In addition, we support the social project, **Thokozani Brothers**, by donating an allocated amount of money per guest who travels with Terra Nova Tours in Southern Africa. Here, disadvantaged kids and young people in the township of Khayelitsha, close to Cape Town, can receive afternoon care and a safe refuge.

WE WISH YOU A PLEASANT JOURNEY!
